

ACTA HISTORIAE MEDICINAE STOMATOLOGIAE PHARMACIAE MEDICINAE VETERINARIAE – INSTRUCTION FOR AUTHORS

Acta historiae medicinae, stomatologiae, pharmaciae, medicinae veterinariae is a journal which covers topics from the history of health culture (medicine, pharmacy, dentistry and veterinary), mentality, private life, urban and rural everyday life and life conditions, structures of urban and rural habitats, history of demographics, borders (structures, institutions, movement of people and transport of goods, infection spreading, regulations and regulation breaches), health deontology, as well as the history of architecture and urbanism in the context of history of health culture and institutions. The journal publishes two issues per year. The journal publishes: original scientific articles, review articles, short scientific articles, reviews and bibliographies.

Acta historiae medicinae, stomatologiae, pharmaciae, medicinae veterinariae publishes previously unpublished papers. The *in extenso* papers, that were partially presented on scientific or academic conference, are acceptable. Accepted papers are published in order determined by the editorial board on suggestion of editor-in-chief.

A fee for published papers is **not paid**, while the authors retain **copyright** of the published papers and grant to the publisher the non-exclusive right to publish the article, to be cited as its original publisher in case of reuse, and to distribute it in all forms and media.

The editorial board sends manuscripts to the **reviewers** for expert evaluation. The journal *Acta Historiae* is an **open access (CC BY), external double-blind peer reviewed** academic periodical. Every manuscript is evaluated by two independent experts on the subject matter. Manuscript author(s) do not know who the reviewers are, and reviewers do not know the names of the author(s). When the article is submitted, the editorial board forwards the text with omitted author's details to reviewers. Author(s) should take care that the text itself does not mention information that could indicate their names, institutions in which they work and so on. If reviewers suggest changes or amendments, the copy of review is submitted to the author with a request to alter text or to argumentatively explain disagreement with reviewers' remarks. The dead line for re-submission is 4 weeks since delivery of reviewed manuscript by email. The final decision of approval for publication is made by editor-in-chief.
